

## AOGA Annual Oil and Gas Conference

MAY 31, 2017 | DENA'INA CENTER  
AWARD CRITERIA

### ALASKA OIL & GAS PROJECT OF THE YEAR FOR ENVIRONMENTAL STEWARDSHIP AND INNOVATION

The Alaska Oil & Gas Project of the Year for Environmental Stewardship and Innovation honors an Alaska oil and gas industry project that demonstrates superior environmental stewardship in its area of design, construction or operation and/or an innovative approach that sets a new standard for industry design, construction or operation in Alaska. Given the unique climate and ecosystems in Alaska, local industry has a proud tradition of environmentally prudent and technologically innovative projects and operations. This award endeavors to highlight those projects or strategies that are both unequivocally successful and represent innovation in their operation or approach.

Nominator Email:

Nominator telephone number:

Please submit a letter of nomination that provides a description of this project's contribution to the oil and gas industry in Alaska. This letter should include, but is not limited to:

- Provide a description of the project.
- Explain the process taken to complete the project.
- Provide details as to how this project demonstrates the highest standards of environmental stewardship or innovation.
- Describe what has been accomplished. Please submit at least one and no more than four photos of the project.

Please limit submissions to 500-1,000 words.

Submissions should be sent via email to [erkmann@aoga.org](mailto:erkmann@aoga.org) by 5:00 p.m. on April 15, 2017.

Applications will be reviewed by a five-person committee, which includes industry experts in the fields of government and public affairs, business, regulatory affairs, environmental law, and land management. The winner will be announced May 1, 2017.
